Logistics

LTL and TL Shipments

Please check the delivery services you require. **Note the amount that you will be charged for these services.**

Inside Delivery – driver will move product to positions beyond the end of the truck, dock or unloading area. **(\$60/delivery)**

Driver Assist – driver will perform tasks that of a warehouse person-i.e. moving upstairs/downstairs or stacking on shelves.

(Request a Quote – based on weight)

Delivery Notification – the consignee will be notified before shipment is delivered. **(\$30/delivery)**

Delivery Appointment – carrier will contact the consignee to establish a delivery appointment. This service may delay delivery of order. **(\$30/delivery)**

Extended Time to Unload – carrier allows two hours to unload a full truckload. You will be charged for any additional time needed to unload the truck. **(Request a Quote)**

Liftgate Service – hydraulic lift gate is needed to lower freight to unloading area. Does not include Inside Delivery. **(\$100/delivery)**

Residential Delivery – delivery made at any non-commercial or private site. Does not include Inside Delivery. **(\$69/delivery)**

What are your receiving hours? _____

What equipment will be used to unload the shipment? Forklift Pallet Jack Other _____

Special instructions or restrictions for freight delivery:

TL Shipments

Do you have a standard dock accessible to a 53' semi tractor-trailer? Yes No

If not, how will the freight be offloaded in a timely manner?

Will the driver be required to provide any services beyond staging the truck and signing for the freight?

In what configuration should the trailer be loaded?

- 26 pallets per truckload, pallets loaded straight in the trailer
- 28 pallets per truckload, 1 side of the pallets will be loaded straight into the trailer and the other side will be turned
- 30 pallets per truckload, both sides of the pallets will be turned.
