

**Air
Circulation**

The Home-Caring Brand® 
TRANQUILITY®
 Incontinence Products

SlimLine® Breathable Briefs

New, Soft Cloth-like Outer Layer!

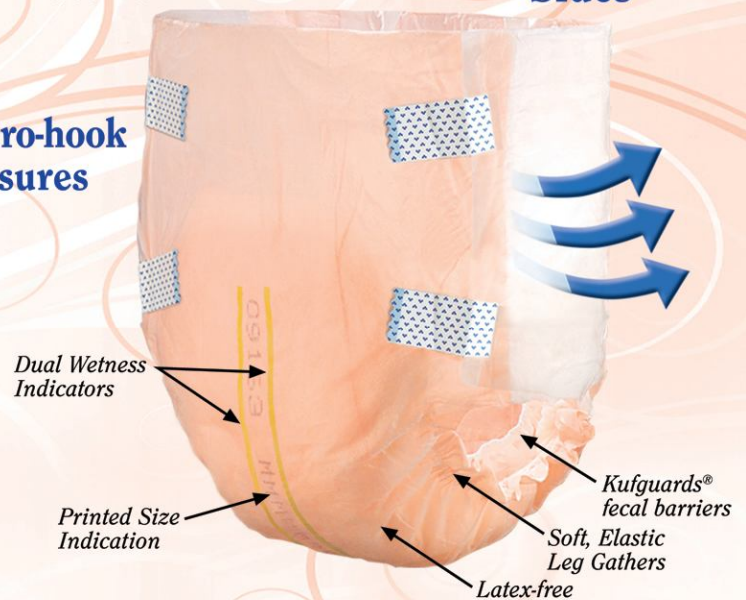

Performance Features:

- **Breathable Sides** - allow air to circulate in and around the body, promoting healthy skin.
- **Micro-hook Closure Tabs** - grip the cloth-like outer layer to securely fasten the brief in place and allow for multiple openings. Micro-hook closure tabs also have an easy grip, finger-lift edge so that briefs may be opened with one hand.
- **Contoured Core** - quickly absorbs fluids and follows the curves of the body for a snug, secure fit.
- **Kufguards®** - inner leg cuffs are designed to channel fluids, and help contain bowel incontinence.
- **Dual Wetness Indicators** - turn blue when moisture is present to clearly indicate a change is due.
- **Peach Mat Construction** - a patented composite structure that guarantees superior performance in:
 - Skin dryness
 - Neutralization of urine
 - Odor reduction
 - Inhibition of bacterial growth

**Cloth-like
Material**

**Breathable
Sides**

**Micro-hook
Closures**

Benefits for Wearers and Caregivers:

- **Air circulation makes the wearer feel more comfortable in any climate.**
- Protection for fragile or sensitive skin improving wearer comfort.
- Cloth-like material means no plastic against the skin.
- High capacity eliminates leakage and reduces laundry.
- Fewer changes equal fewer products used lowering over all cost.
