TopLiner™ Booster Pads and Contours

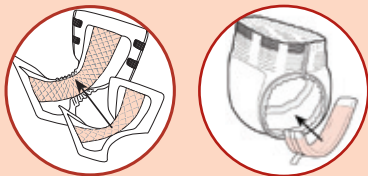

Adds Absorbency / Stops Leakage / Reduces Cost

All **TopLiner Boosters** line the inside of any disposable brief or undergarment. The **flow-through design** allows the pad to fill to capacity and then pass additional fluid to a disposable undergarment boosting absorbency, maintaining skin integrity and controlling odor.

- Higher absorbency reduces need for nighttime changes and allows for uninterrupted sleep
- Saves money by extending use of primary undergarment

TopLiner Booster Contour Pads are a perfect solution for bowel incontinence.

- Hourglass shape provides larger absorbent area
- Soft, absorbent texture makes cleanup easier
- Easy to remove and replace

Place pad on target area to control leakage and eliminate wetness to linen and clothing. (See reverse for more options.)

Item #	Description	Size	Capacity	Packaging
2072	TopLiner Booster Mini Pad	10.5" x 2.75"	5.7 oz / 169 ml 	8 - 25's
